Executive summary
This report covers some incidents that occurred between January and June 2020 in the government controlled territories of South Kordufan and Blue Nile States and among IDPs from the two states. In Khartoum state, the violations reduced significantly but in conflict areas of SK and BN, violations went on with limited or no intervention from the state or central government (authorities).

The aim of this report is to bring to light the human rights violations and abuses in SK and BN states of Sudan (government territory) and the situation of Internally Displaced Persons (IDPs) from the two states.

The information included in this report is a result of prepared instruments/tools which were used by trained field monitors in gathering the data. Data from the field monitors was reviewed and compiled by the competent reporting panel. Due to many challenges, this report does not take account of all incidents that occurred during this period.

The violations and abuses included in this report are; arbitrary arrests, unlawful killings (more than thirty civilians were shot dead) and other violations which were mainly carried out by RSF/PDF against civilians in the two conflict areas. On regular incidents, police deliberately refused or failed to carry out investigations of cases brought before them. The report also includes court observation notes for specific trials with human rights aspect.

In recommendation, this report calls upon Sudan government to respect its obligations towards the citizens and the international human rights laws. The report also urges the international community to stand with the victims in reparation for their rights.

1 SECTION ONE: INTRODUCTION

1.1 Introduction
This report documents and highlights the violations and abuses from 1\textsuperscript{st} January to 30\textsuperscript{th} June 2020 that HUDO Centre managed to cover in the government controlled territories of South Kordufan (SK) and Blue Nile (BN). The report also includes other few incidents that were mainly associated with the internally displaced people (IDPs) from the two areas (SK and BN) and highlights what was observed during court trials that featured human rights related cases.

The report is composed of interrelated sections; the introductory section, the body which contains the stated violations with some suggested recommendations and lastly the section of appendices which has supporting documents that relate to information in the report.

1.2 About HUDO
Human Rights and Development Organization (HUDO Centre) is an independent, non-government, non-partisan and non-profit making organization based in Kampala-Uganda. HUDO Centre is currently undertaking monitoring of human rights situation in Sudan. This includes the conditions and rights of civilians in conflict areas. For instance religious rights, freedom of expression and other violations plus observing the human rights related court trials. Our focus is on areas under the control of Sudan government in South Kordufan (SK) and Blue Nile (BN) States together with the IDPs from the two areas. HUDO Centre also has a special program on refugee issues.

In order to implement this task, HUDO Centre trains human rights monitors based in SK and BN to improve their capacity to monitor, document and report on violations and abuses taking place.

Our Vision: A world where everyone’s human rights are protected and fulfilled without discrimination.

Our Mission: To champion universal access to rights based information and services to vulnerable and underserved communities through sustainable innovations, humanitarian support, strategic partnerships, rights empowerment, capacity building, research and advocacy.
1.3 A Brief Background
The first six months of the year 2020 were associated with many challenges since those were the early months of the transitional government whose jurisdiction was heavily entangled with the former regime. For instance, there was disobedience within NISS’ operation department in Khartoum. Also, the presence of PDF in conflict areas and the dominance of RSF in Sudan’s political life and the SAF acts in conflict areas remain the same as before within the former regime.

The visibility of the transitional government is generally limited to Khartoum but the other parts of Sudan are still governed by the same state governors of the former regime. For instance the “state of emergency” declared by the former president (Al-Bashir) is still on in the states/regions under conflict and the violations are still going on mainly committed by RSF and other governmental militias like PDF.

Although the peace process is still disorderly (shambolic) and the two main armed groups were not included in the process, there were repeated announcements and extensions of ceasefire by the Sudan government and the armed groups. Noticeably, there was a visit of Sudan prime minister to SPLA-N territory.

On the other hand, the economic situation is not good within the population/public. This has been worsened by the measures (like the lockdown) put in place by government to control the spread of COVID-19 pandemic.

1.4 Statement of the problem
The violations in conflict areas continued mainly because of the presence of the fully armed/equipped RSF and PDF and the absence of the central government. The former regime agents/members who used to ignore abuse and violations are still active within the public administration. RSF and PDF killed and injured many people/civilians by shooting them directly and sometimes they looted or confiscated property from civilians. But, in Khartoum the violations reduced significantly.

Rights were violated in form of arbitrary arrests (security of persons), unlawful killing, denying people rights to fair trial (court) and rights of civilians within conflict areas (insecurity, abuse of authority and excessive use of power). Many times, the
authorities (police in particular) refused or failed to carry out investigations of cases brought before them especially where RSF and PDF were involved. This is a challenge to good governance, rule of law and an indication of impunity.

1.5 Aim and objectives

Aim

This report aims to bring to light the human rights violations and abuses in SK and BN states of Sudan (government territory) and the situation of IDPs from the two states.

Objectives

- To provide the United Nations "Human Rights Expert for Sudan", African Union (AU), Amnesty International(AI), Human Rights Watch (HRW), the Diplomatic Missions/embassies in Sudan, institutes and individuals with information in order to enhance their efforts to improve the human rights situation in Sudan.
- To lobby and engage the Sudanese Civil Society and other stakeholders in the process of human rights advocacy.
- To study the human rights situation in the conflict zones of SK and BN in Sudan and come up with appropriate recommendations.

1.6 Scope of the report

Sudan as a country consists of eighteen states and some of these states are under conflict. This report covers SK and BN in particular. South Kordufan state consists of seventeen (17) localities, some are located within a territory controlled by SPLA-N and others are under government control. Blue Nile State consists of seven (7) localities under government control with the presence of SPLA-N in four (4) localities. The violations and abuses documented in this particular report took place in SK, BN and White Nile State.

The following are towns and villages in SK State which were mentioned in this report; Albardab and Kadogli town in Kadogli locality; Abbasiya town, Baloula and Al-Sanadra village in Al-Abbasiya locality; Umbrambeta, Khor-Eldeleib, Elfaid Um-Abdalla, Ambeir, Sefaifeer, Gardod Zaharaa, Alsharak and Abu-Kershola in Abu-Kershola locality; Rashad town in Rashad locality; Al-Farshaya, Helat Elfaki, Elsebai and Dilling town in Dilling locality; Habilla in Habilla locality; Abu-Gebaiha in Abu-Gebaiha locality and Aleri
Ghareib/ Aleri West town in Aleri locality; Talodi town in Talodi locality; Dalami town in Dalami Locality; Alkewaik town in Alkewaik locality and Kujuria in Dilling locality (under SPLA-N control).

In Blue Nile state this report covered the following; Damazin town in Damazin locality; Bout town in Tadamon locality; Khartoum Belail, Amura area and Roro in Geisan locality;

Also the report highlights incidents that took place out of SK and BN States especially targeting IDPs like in Kosti town of White Nile State that neighbours SK State.

1.7 Methodology
Our network was composed of both field monitors and focal people who gathered information within the conflict areas and among IDPs. Field monitors could only cover some incidents from areas where they could gain access but not the entire geographic territory.

Different data (information) collection methods were applied and the information from the field was critically analyzed by a reporting panel at Kampala office. The panel used analytical methods to sort the information in order to arrive at accurate findings which were included in this report. For the purposes of consolidating this report, HUDO Centre also used the following methods in collecting and analyzing data/ information;

1) Data collection forms were developed/ used
2) Interviewing of victims, their relatives and witnesses
3) Scrutiny, verification of documents and getting comments from professionals (Lawyers, Doctors e.t.c).
4) Official declarations and media articles were scrutinized.

1.8 Limitations and challenges
- Due to security threats, some of the victims and witnesses could not easily reveal information
- The government’s imposition of state of emergency in the two states and the insecurity hindered the field monitors in gathering information
• The COVID-19 pandemic and restriction measures (lockdown) had limited field monitors in terms of movement
• The MI and RSF generally suspect any person that talks about human rights.
• The limited number of monitors compared to the big geographic area of coverage implies that certain incidents happen without being noticed/ reported
• The withdraw (quitting) of some field monitors
• Poor means of transport
• The general fear by the monitors in case the interviewed victims were subjected to torture and forced to reveal their (monitor’s) identity.
• The poor network (internet) and the very limited power/electricity network coverage in conflict areas.
2 SECTION TWO: THE INCIDENTS

HUDO managed to gather credible information about the incidents mentioned below. The violations and abuses were committed against unarmed civilians. Generally, the arrests reduced but other kinds of violations and abuses continued.

2.1 Arbitrary Arrests

Arrests in South Kordufan

2.1.1 Arresting of youth from a Public demonstration in Kadogli
On 5th January 2020, there was a peaceful demonstration in Kadogli calling for the dismissal of some high ranking officials from the public service for hindering reforms because they were members of the former regime party (NCP). The demonstration was dispersed by police using tear gas and four (4) youth were arrested by the MI. They were detained at a police cell and released the next day (6th January 2020) without any charges. The arrested youth are:

1. Ms. Azaheir Adam Daheeya
2. Ms. Ameina Hassan
3. Mr. Mohammed Fadul
4. Mr. Hamza Nasreldin

2.1.2 Arrest and intimidation of Suliman by MI in Rashad
On 12th February 2020 morning hours, three (3) soldiers of Sudan Armed Forces (SAF) arrested Mr. Suliman Adam Suliman (63 years old) from his tailoring/work place in Rashad town. They took him to MI office at Rashad military base. While there, he was interrogated about his past political activities of 2011 when he was a member of Sudan People Liberation Movement (SPLM) and Rashad’s candidate for South Kordufan State legislative council (2011) elections.

The same day (evening hours), Mr. Suliman was released after being threatened that he will be arrested and tortured if he expresses any kind of association with Sudan People Liberation Army – North (SPLA-N).
2.1.3 Arrest of Mr. Elsafi Eldegain by SAF in Aleri Ghareib
On the night of 11th April 2020 around 08:30 PM, eight (8) armed soldiers of Sudan Armed Forces (SAF) came on land cruiser vehicle to the house of Mr. Elsafi Eldegain (42 years old) the farmer based in Aleri Ghareib/ Aleri West town and arrested him without giving a reason. They took him to their base in the town where he spent the night. The following day (12th April 2020), Mr. Elsafi was transferred to Talodi military base.

He was not allowed to be accessed by visitors including family and lawyers. His prolonged detention raises the fear that he could be undergoing torture. Since then Mr. Elsafi has been held incommunicado until recently (10th June 2020) when he was allowed once to communicate (via phone) with his family. The reason for Mr. Elsafi’s arrest was related to his past political activities when he was a member of Sudan People Liberation Movement–North (SPLM-N).

Arrest in Blue Nile

2.1.4 Mr. Edriss Elbur Repeatedly Arrested by RSF in Damazin

On 9th April 2020 morning hours, a group of RSF soldiers in Damazin arrested Mr. Edriss Elbur Ahmed (40 years old) a trader and social activist. He was arrested from his shop at Damazin market and taken to RSF detention cell at Ashara Beiut neighbourhood where he was confined with other nine (9) RSF soldiers who were
breaching military laws. His arrest was under the direct orders of Major/ Faiz Balla the commander of RSF in Blue Nile State and a former locality governor during Al-Bashir regime.

During detention, Mr. Elbur was interrogated about the social media article (that he had posted on Facebook) criticizing the acts of RSF commandant for not respecting the procedures during fuel distribution exercise in one of the petrol stations in town(Appendix – 1). Mr. Elbur was intimidated and warned not to write/post such articles again, and then he was released on 11th April 2020.

Re-arrest: On 27th April 2020, Mr. Edriss Elbur was arrested again from his shop by RSF soldiers and detained at RSF office in Damazin town. While being there, he was interrogated and physically tortured (beaten) by RSF Captain/ Gouja. The following day (28th April 2020) Mr. Elbur was released with threats of being re-arrested again. The cause of the second arrest was because he opened a case against RSF for having arrested him illegally. Basing on the interrogation, the second arrest was meant to intimidate him so that he drops the case. But, he insisted on following the due course of the law(Appendix – 2) supported by some volunteer lawyers.

Arrest among IDP

2.1.5 Passenger detained and insulted at a checkpoint in Kosti
On 17th February 2020, Mr. Hassan Elamein Suliman (29 years old) a university graduate from Teera tribe/ Nuba was traveling from Abu-Gebaiha town of South Kordufan/ Nuba Mountains to Khartoum with public transport (a bus). When the bus stopped at the western checkpoint of Kosti town, three security personnel in civilian clothes entered the bus for the regular checks. On reaching Mr. Hassan’s seat, one of them (security personnel) started bullying him by asking questions like, “why are you so black”, ”are you a Sudanese” e.t.c? Thereafter, Mr. Hassan showed them his identity card but they insisted on taking him to their office. While at their office, he was insulted further and was referred to as a slave (Abid). He was detained at the security checkpoint office for two hours. He was released after the passengers and their bus had refused to go/ leave without him.
Nowadays, the checkpoints are manned (managed) by Sudan Armed Force (SAF) and Rapid Support Force (RSF) soldiers.

2.3.1 Al-Sanadra Case

Background of the case

On 2\textsuperscript{nd} Sept 2016, Public Defense Force (PDF) soldiers attacked Al-Sanadra village of Al-Abbasiya locality in South Kordufan state. They came with more than twenty motorcycles accompanied by two land-cruiser vehicles. The attack was based on an allegation about looting of cattle where the footsteps passed through Al-Sanadra village. As a result of the attack, nine (9) people were killed, about twenty (20) wounded and some houses were looted and burnt down. Also cattle were looted and many residents of Al-Sanadra were displaced. The authorities (state/security) first ignored the case but later considered it after much pressure and outcry from the public. The case was filed at Al-Abbasiya police office.

There was an attempt to conduct this court at Al-Abbasiya and then after at Um-Rawaba town. But the court proceedings could not take place due to tension and public anxiety. Because of insecurity, the lawyers’ of the victims (the accusing panel) requested that the court sessions should be conducted in Khartoum and it was accepted (granted).

The court trials began on 20\textsuperscript{th} August 2017 and since then, twenty five court sessions have been conducted (three in 2017, seventeen in 2018 and five sessions in 2019). All of those sessions were conducted at Khartoum North court. On 24\textsuperscript{th} October 2018 Justice/ Murshid Ahmed Elamein was also replaced by Justice/ Atif Abdalla. This was because both Judges were promoted to the court of Appeal. Later on 3\textsuperscript{rd} July 2019, Justice/ Atif was replaced by Justice/ Osama Hassan for unknown reason.

Mr. Mohamed Alsafi is the prosecutor in this case and he has been absent for most of the court settings/sessions. The accusing panel led by Mr. Baroud Sandal consists of more than twenty five lawyers including Nuba Bar Association. The panel of lawyers for the defendants is led by Mr. Elamein Ibrahim.
By year 2019, the court sessions concluded and set free three defendants. The other eleven defendants were found guilty and sentenced to death, while the other three defendants who escaped during the court process, two of them were caught and tried separately in two different courts. The update on their trial is as follows:

A. The ninth (9th) defendant/Abdelraheem Abdelgadir Salah Mohammed. His trial is running at Khartoum and after series of court session, On 15th January 2020, The justice read the verdict where the defendant was found to be guilty in breaching the following articles of Sudan Criminal Act 1991:
   - Article (21): Joint acts in execution of criminal conspiracy
   - Article (130): Murder
   - Article (139): Penalty for intentional causing bodily harm.

Then after two court session were conducted on 17th February and 1st March 2020 for hearing the presidential office on behalf of the deceased Mr. Adroub and the opinion of the family of the other deceased people. However, the third court session of 1st April 2020, was canceled due to COVID-19 following the administrative order No. 3 of the year 2020 issued on 15 March 2020 and signed by the head of Sudan Judiciary Authority(Appendix – 3). The administrative order stopped most of the activities of criminal courts from 15th March 2020 until further notice. This was in line with the health measures put in place to control the pandemic which included banning of public gatherings.

B. The fugitive defendants (Babikir Nematalla Babikir) was caught and court tried him in Al-Abbasiya and he was sentenced to seven years in prison. However, the two lawyers appealed the judgment to the Court of Appeal. No feedback up to date from the Court of Appeal.
